To whom it may concern,

I would like my comments added as part of the minutes:

I am voicing my Opposition to this change in zoning for the following reasons:

My property, 1981 Lamson Rd, is adjacent to this proposed Allen property. The Allen's stated that there are "No" wetlands adjacent to this proposed property. My property does in fact have wetlands on them (NYS DEC Informational Wetlands and Federal Wetlands (this list may not include all types of wetlands on this property)).

I have a great concern as to why the town should "Approve" a "Potential" Business Development without knowing what the actual business will be. In my opinion, this is a very sneaky way to get something passed, that would not pass otherwise. I imagine it is harder to remove this change after it is made.

In my opinion the change should not be made until the "Actual" business is disclosed to all to review.
